Illustrative walkthrough. Example project and quote; profile templates. Signatures and payments are simulated.

01 / AN EXAMPLE CAFÉ PROJECT

A three-page café website

A student team helps customers find the café, browse its menu, and plan a visit. The business gets a completed website; students get real client experience.

What the team would deliver

- Home page with the café's story and opening hours
- Menu page using business-supplied text and images
- Contact page with address and contact details
- Mobile-friendly layout, handover, and editing instructions

Outside this example's scope

Online ordering, payments, bookings, new branding, ongoing maintenance, and hosting or domain fees.

What the business provides

Menu text, approved images, contact details, and the website access agreed at kickoff.

ILLUSTRATIVE TOTAL

€500.00

10% upfront deposit **€50.00**

Remaining project price

€450.00

Example completion deadline
9 October 2026

The deposit counts toward the total and is refunded if the agreed completion deadline is missed.

> **Pricing method: still to define.** The amount shown is a walkthrough example. Live scopes and prices may vary, using one documented pricing method and the same commitment conditions.

Meet the available talent pool

Look for coursework-level skills, a desire to learn, and a commitment to delivery. A student team will be formed and matched after the deposit.

> **Profile templates — actual student evidence is pending.** Live pitches must use profiles and coursework examples from actual, available students.

Template A · no student assigned

[Student name]

Relevant coursework

[Course title, year, and relevant assignment]

Coursework project evidence

[Link or image of the student's completed work and their contribution]

Skills Toolkit

[Tools and skills demonstrated in that work]

Why this project?

[Student's own short statement or 30-second introduction]

Availability and commitment

[Confirmed availability and agreement to the project schedule]

Template B · no student assigned

[Student name]

Relevant coursework

[Course title, year, and relevant assignment]

Coursework project evidence

[Link or image of the student's completed work and their contribution]

Skills Toolkit

[Tools and skills demonstrated in that work]

Why this project?

[Student's own short statement or 30-second introduction]

Availability and commitment

[Confirmed availability and agreement to the project schedule]

These two templates show the profile format. They do not set the team size or represent confirmed team members.

A clear plan for the student team

Agree the work and completion deadline before it starts. Keep the business involved through brief, structured meetings.

01

Agree the charter and deposit

Sign the project charter and transfer 10% of the agreed total within ten days of receiving the pitch.

02

Confirm the team and kick off

Within **five business days of a decision to continue with delivery**, confirm the student team match, introduce the team by email or phone, and deliver the final, mutually signed schedule.

03

15-minute weekly sync

The business and student team review progress, answer questions, and clarify the files or account access needed for the work.

04

30-minute final evaluation

The team presents the agreed deliverables. If satisfied, the business provides a written testimonial or LinkedIn recommendation.

Kickoff and completion are separate

The five-business-day milestone covers the match, introduction, and signed schedule.

Project delivery follows the completion deadline in the charter.

EXAMPLE COMPLETION DEADLINE

9 October 2026

The sample date is for this walkthrough. Confirm the real deadline with the business and student team.

Review the charter and 10% deposit

Both the signed charter and deposit transfer are required within ten days of the pitch. This walkthrough lets you rehearse those two steps.

Draft charter summary · example only

A three-page café website

Business

Example café — illustrative business

Delivery team

Student team, formed and matched after the deposit

Agreed scope

- Home page with the café's story and opening hours
- Menu page using business-supplied text and images
- Contact page with address and contact details
- Mobile-friendly layout, handover, and editing instructions

Scope boundaries

Online ordering, payments, bookings, new branding, ongoing maintenance, and hosting or domain fees.

Example completion deadline

9 October 2026

Deposit conditions

10% of the agreed total, credited toward that price. Refund if the project is not completed by the agreed deadline.

Response window

Example project total	**€500.00**
10% deposit	**€50.00**
Remaining project price	**€450.00**

For a live pitch, use the actual charter and verified payment instructions. This demo takes no money and creates no signed agreement.

Rehearse the commitment

Ten days from receiving the pitch for both signing and transfer.
